K3 and K4 Series Radio Remote Control

K3 or K4 Transmitter

K3 P.N. 52530 K4 P.N. 52531

Transmitter Features

- Antenna: Integrated/Internal
- 3 stage low power indicator
- Removable Key (For push button start, consult factory)
- Power consumption: Less than 28mA
- Powered by 4 Standard or Rechargeable AA batteries

Please Note:

All transmitters will require the Serial Number for proper matching to receiver for programming.

*Default setting on Start/Alarm button is for the built-in alarm. Changing this setting or if Aux 1 is needed will disable the alarm output.

K Series radios will require Serial Number to be matched for easy out-of-the-box operation.

Receiver Features

- Integrated Horn/Alarm built into receiver
- Visible external power indicator
- Receiver has 2 meter (6ft) pre-wired cable.
- Receiver features F-Style antenna connector for easy antenna extension.
- Supply Voltages: DC 12-24, AC: 24, 48, 110, and 220. 110 VAC is the default.

K3 or K4 Receiver

K3 Series Radio Kit - 110VAC*

The K3 Series Kit includes six (6) batteries, spare key, spare fuse kit, instruction manual, and a legend sheet for each transmitter. AC only.

| Description | No. of Transmitters | Part No. |
|---|---------------------|----------|
| Single speed, 12 Button transmitter with E-stop, key switch and On/Off. Up to 5 motion single speed control | 1 | 700SK3 |
| with 2 to 7 programmable auxiliary outputs, alarm output, A/B outputs, mainline output, and light output. | 2 | 700DK3 |

K4 Series Radio Kit - 110VAC*

The K4 Series Kit includes six (6) batteries, spare key, spare fuse kit, instruction manual, and a legend sheet for each transmitter. AC only.

| Description | No. of Transmitters | Part No. |
|--|---------------------|----------|
| Dual speed, 12 Button transmitter with E-stop, key switch and On/Off. Up to 5 motion two speed control | 1 | 700SK4 |
| with 2 to 7 programmable auxiliary outputs, alarm output, A/B outputs, mainline output and light output. | 2 | 700DK4 |

^{*} Default Supply Voltage is 110V AC. Please contact factory for part numbers for different supply voltages: -DC, -48V, -220V
